

Cogeneration - Smart Power.

Experts from International Energy Agency and Cogen Europe at GE Bright Green booth.

Sunday, December 13 from 2-4pm at Bright Green - GE booth at stand 80.

Tom Kerr from the International Energy Agency and Fiona Riddoch from Cogen Europe Association talk about CHP/Cogeneration as an energy efficient solution for a greener future.

You are cordially invited to attend the discussion, which will be followed by a cocktail reception.

If you are able to confirm your attendance to valerie.vandenkeybus@ge.com prior to the event, we can issue you with a VIP ticket to Bright Green.
